

THE LAW

The most recent law that affects Title I is the Improving America's Schools Act (Public Law 102-382 (H.R. 6)). The law requires:

"that school districts have a written policy regarding parental involvement; that parents be involved in the design, operation, and evaluation of Title I; that parents be consulted about home-school activities and be trained to help instruct their children that whenever possible, activities should be presented in the language spoken by the majority of the Title I parents.

The school should have a copy of law on file for you to consult.

**Translation available upon request.*

TITLE I

A Title I school wide program permits Silverton ISD to use federal education funds and resources to up-grade the entire academic achievement for all students.

In an effort to build and develop a strong and responsible partnership that will help children achieve a high academic standard, the following compact is agreed upon:

SCHOOL PLEDGE

The Silverton school staff invites all parents of our school children to meet and approve a school-parent compact. We welcome input from parents that will be meaningful in improving student achievement. Parents will be included as an important resource in planning, design, and implementation of the school wide program.

PARENT PLEDGE

As a parent of a child participating in the Title I school wide program, I pledge to accept responsibility for supporting my child's learning by monitoring: school attendance, homework completion; television watching; and extracurricular/leisure activities.
